WHO WE ARE

Tennis for All (TFA) is a registered not-for-profit educational and tennis development organization for unprivileged children in Uganda. founded in 2012 by a group of young Ugandan tennis coaches with an aim of improving the life prospects of low-income, unprivileged children and youth in the District of Kampala through athletic and academic enrichment.

We seek to keep children off city streets during school time, in a safe environment they can trust; to engage them in productive activities that teach discipline, build confidence, improve school performance, and encourage a healthy lifestyle. We empower our students to achieve their highest potential by helping them develop meaningful values and critical life skills that will lead them to make constructive life choices. TFA builds champion in Life and in Sports. Today we provide free tennis instruction by experienced instructors, educational support, and positive opportunities to more than 200 children annually, most of whom participate at after-school and community programs. Using tennis as the primary motivator, the programs teach positive, rewarding lessons, build confidence, and provide a framework of personal discipline

WHAT WE BELIEVE

- We believe that given the chance, any child can achieve great things.*
- We believe that education and sport, if delivered effectively, offer everything a young person needs to fulfill their potential.*

We support any Ugandan child who would otherwise not be granted that right. More than 200 children are currently benefitting from the program.
